GERMAN REPORT ON SLAV OFFENSIVE

By Carl W. Ackerman

Headquarters of Field Marshal von Hindenburg's Army, Aug. 16.—"The worst of the Russian offensive is over," one of the highest commanding officers on the eastern front told the United Press today after a tour of inspection of the Austro-German lines.

Completely halted at the Stochod river in their efforts to re-take Kovyl, the Russians, undaunted by this failure, have shifted their attacks southward, always striking against the Austrians.

"The temporary successes of the Russians in the southeast is desperate strategy," said a German officer, "because the faster they advance with their left wing in the southeast, the more they weaken the position of their right wing along the Stochod."

It is admitted here that the Russians caught the Austrians by surprise at the beginning of the offensive. Aeroplanes reported Russian troops massing behind the Russian front, but no one believed the Slavs as strong as they have been discovered to be. The Russian tactics kept the Austrians guessing for several weeks, but the whole Austro-German front is reorganized and the earlier Russian advantages are being overcome.

The fall of Stalslau and Goritz were limited unpleasant, but viewed strategically have a different meaning according to German military men. These reserves are completely outweighed by the Slav failure to reach Kovyl and Lemberg. The Germans marvel that they did not succeed in view of the gigantic English and French blows, but at the critical moment, German troops arrived and stiffened the lines east of Kovyl.

We bivouacked last night near the front, where the Slavs on Aug. 8, attempted a great offensive. I walked for two hours in the front line trenches, watching German eleven-inch shells bombarding the Russians. Major von Scheller, formerly attache of the German embassy at Washington, and Captain P. Behn, former German consul at Denver, explained the lay of the surrounding country. We also visited the headquarters of General Bernhardt, who is commanding an army on this front but he was suffering from influenza and unable to receive us.

The night scene at the front was entrancing. The sky was lighted by countless great fires above which the companies were encamped within a few hundred yards of the Russian positions. The hands played and the soldiers sang. Not a single cannon was fired. There is a nightly truce. The Slavs occasionally shoot light cartridges to illuminate the fields between the trenches and prevent a surprise attack.

Far off in the distance an Austrian battery was pounding the Russian railroads.

The new armies on this front are composed of Polish, German and Austro-Hungarian troops, which, officers said, illustrated the new spirit of comradeship and is sure indication of the strength of the central powers.

OREGON MILITIA ENJOYING LIFE

Headquarters, Oregon National Guard, Calexico, Cal., Aug. 16.—No matter how fierce the desert sun gets here, it has failed utterly to wilt the guardsmen's enthusiasm. They talk today of a similar demonstration on the part of a hundred or more of northwestern guardsmen who lounged under shade trees within a few feet of the international line, listening to the 25th regiment Mexican band.

Within speaking distance lounged a number of General Cantu's Mexican troops. A remarkable spirit of cordiality exists between Mexican and American soldiery here.

From the band in the Plaza of the Herpes of Chapultepec, the Mexican park, strains of favorite Spanish operas rolled across the line to the American listeners. Despite the stifling heat, Oregon and Washington men responded generously. They used their best newly acquired Spanish to shout compliments, to which Cantu's troops replied in Mexicanized English.

These amicable exchanges were at their height when unexpectedly the Mexican band blared out an air that fairly threw the Americans to their feet. Heels clicked, lithe, khaki-clad forms straightened up and hands

WHEAT AND CORN PRICES ADVANCE

Chicago, Aug. 16.—Wheat rallied after a lower opening today to fractional gains over yesterday's close. Selling pressure by longs was responsible for the slow start, but the market recovered within a few minutes on heavy buying by commission men. September was up over the opening 1 1/4 at 142 1/4, Dec. 1/4 at 146 1/4 and May 1/4 at 150 1/4.

Corn opened strong and made further slight gains in rise in wheat. Sept. was unchanged at 83 1/4, Dec. 1/4 at 71 1/4 and May 1/4 at 75. Oats were steady. Scattered commission housebuying boosted prices fractionally at the opening, but the market slowed down later. Sept. was down 1/4 at 43 1/4; December unchanged at 46 1/4 and May 1/4 at 50.

NO WORD COMES OF DEUTSCHLAND

Berlin, Aug. 16.—The German submarine Deutschland has not been heard from since she cleared the Virginia capes on the night of August 2, the United Press learned from reliable sources today.

Sixteen days were required for the Deutschland to cross the Atlantic on her trip to Baltimore. Part of that time she spent in dodging hostile warships. Actually she could have made the voyage in much shorter time. The fact that 14 days have elapsed and she has not been heard from, indicates that she has been compelled to take a round-about course on the return also, to avoid British and French warships, if she has not met with a mishap. The Deutschland is equipped with a high power wireless apparatus, but probably would not communicate with a German station while in British waters, fearing detection and pursuit.

RUSSIANS HAVE CAPTURED MANY PRISONERS

Petrograd, Aug. 16.—Russian armies under General Brusiloff from June 4 to Aug. 13, captured 358,600 Austro-German prisoners and 405 cannons, it was officially claimed today. Other booty includes 1,325 machine guns, 338 mine and bomb throwers and 292 powder carts.

Despite stubborn enemy opposition at some points the Russians advanced their lines on a 75-mile front, extending from the Carpathians to a point southwest of Tarnopol, in yesterday's fighting, occupying two villages. South of Brzezany, another Russian detachment forced a crossing of the Zlota-Lipa river. Austro-German counter-attacks then checked a further advance.

Fierce fighting is going on in the angle of the Zlota Lipa and the Dniester, north of Stanislaw. In the face of desperate enemy resistance, the Slavs advanced their lines further in the direction of the railway town of Hallitz.

Southeast of Stanislaw, the right wing of General Letchitsky's army captured the villages of Solotvina and Grava, on the Zlota Bistriza river.

Near the Carpathians, the Russians followed up their victories, forcing the enemy to retire westward from the region of Delatyn and Vorochta and capturing a height west of Vorochta and Ardzmox.

There Are Stores in This City So Good That They Could Use Twice as Much Advertising Space as They Now Use—and Make It Pay!

THE BETTER THE STORE THE BETTER THE ADVERTISING PAYS. Your own observations in the store-world will confirm this truth.

PUBLICITY is bad only for a bad proposition. It is just as surely good for a good one.

What IS a "good store"? One that really SERVES THE PUBLIC, protecting its patrons as to VALUES, not merely as to PRICES.

There are many stores in this city answering to that definition completely. In every city there are always some stores that do not.

An important phase of a GOOD STORE'S SERVICE TO ITS PATRONS is its newspaper advertising. This should be complete, frank, informing. It should tell the store news as fully as a good newspaper tells the news of the day.

Perhaps the best possible NEW POLICY for the GOOD stores of this city to adopt would be that of DOUBLING THE ADVERTISING SPACE THAT THEY USE—thus giving them "elbow room"; giving them bigger opportunities for telling their patrons, in detail, about every selling event, about every bargain offering, about every dollar's worth of new stocks. Of course, even HALF ENOUGH ADVERTISING pays the really good store; but ADEQUATE ADVERTISING would pay much better.
